

KARTIK PURNIMA 2023

The richness of Odia culture is highlighted beautifully by our traditions and festivals. One of these festivals is Kartika Purnima which commemorates the ancient maritime rituals of "Boita Bandana" and "Bali Jatra" and pays tribute to the legendary adventurous spirit of seafaring Odia traders.

Anchoring and honouring our legacies and timeless traditions are integral to the experiential knowledge sharing at The DN Wisdom Tree Global School. Unless we are aware of where we come from, we wouldn't know where to go.

CHILDREN'S DAY SPECIAL

Sharing is caring, yes! Spreading joy and bringing happiness - our mentors marked this special day with a uniquely beautiful gift for our Wisdomites. Snippets of the joyous performances our mentors created for Children's Day. For seeing is believing!

WORLD KINDNESS DAY 2023

World Kindness Day 2023 is dedicated to promoting and celebrating acts of kindness. This day serves as a reminder of the positive impact that kindness can have on individuals, communities, and the world at large. It encourages people to perform intentional acts of kindness and foster a culture of compassion and generosity.

We, at The DN Wisdom Tree Global School, discussed this global observance with our young Wisdomites, and we are so happy to share that our children, unanimously wanted to do something special to mark the day. So, as a curtain raiser to our Wisdom Social Service Club, children requested their families and collected over sixty kilos of rice and dal. Accompanied by mentors, they visited SOS Village, Bhubaneswar and donated the foodgrains. It was a simple yet impactful way to learn how to make a positive difference.

We aspire to motivate our young people to be kind and compassionate, to spread positivity, to care and share, and learn the importance of empathy.

International Convention on Millets 2023

We are a Millets School from 2021. We had introduced millets to children, parents and mentors through a flagship event, Mummy ki Rasoi, with innovative millet recipes prepared by the participants. Through this competition we collected more than 150 unique millet recipes. This was the beginning of our journey using millets, which has now resulted in millets being part of our everyday diet in school. Millets are a key element in the meals we have – from cookies and cupcakes to khichdi and halwa, our children partake of delicious millet recipes on a regular basis.

As part of our continuous endeavour to highlight consumption of millets, a team of Wisdomites and mentors visited the International Convention on Millets 2023, being held at Janata Maidan, Bhubaneswar, to celebrate 'Mandia Divas', or Millet Day. We are delighted that the Government of Odisha is leading the millet campaign with such initiatives.

Marking 'Mandia Divas'

MARKING 'MANDIA DIVAS'

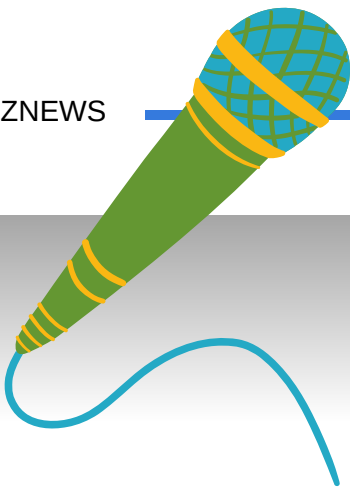

As part of our continuous endeavour to highlight consumption of millets, a team of Wisdomites and mentors visited the International Convention on Millets 2023, being held at Janata Maidan, Bhubaneswar, to celebrate 'Mandia Divas', or Millet Day. We are delighted that the Government of Odisha is leading the millet campaign with such initiatives.

Consolidating the information that our children learn and experience in school, they interacted with Millet Mentors, learnt local names of millets, and saw how millets were used in the Indus Valley Civilisation. They connected with tribal women farmers and saw working models of farm machines, and witnessed the chain from harvesting to food processing to dishes on the table.

Such outings are key to expanding the perception of young minds. And we are committed to doing the best we can for the holistic development of our children.

ACT AND SING

Our little people had a great time enacting and singing songs, rhymes and poems of their choice during the "Act and Sing" activity sessions this week. Singing, acting, and dancing are fun activities that children enjoy, while also deriving beneficial inputs for their cognitive development. They learn new words and expand their vocabulary. They begin to understand sound. Their communication skills develop and they learn to express themselves. Such activities foster physical skills too. When children perform, it engages their brain, improves and expands their creativity and imagination. Acting and singing also helps improve their memory skills. Such is the immense impact of joyful learning!

We share these glimpses, with pride and pleasure, because we firmly believe we are a school as unique as your child.

Our campus turned into a land of magic and mystery as our children turned up in their best scary and spooky costumes for some Halloween fun!

In a world where intolerance and disconnectedness prevail, familiarising children about festivals and special occasions of other countries and cultures can help in building bridges towards a more peaceful world.

Team DN Wisdom Tree Global School wishes everyone a Happy Halloween!
