WISDOMITE SHINES !

Delighted and proud to announce that our Wisdomite, Rehan Ankit (Grade 6) has won the 1st Prize at the State level Abacus Competition 2024 held at Bhubaneswar.

We are very proud of you, dear Rehan! Congratulations!

~ सरस्वति महाभागे विद्ये कमललोचने विद्यारूपे विशालाक्षि विद्यां देहि नमोऽस्तु ते ~

We welcomed Spring with prayers and rejoicing; we invoked the power of wisdom and knowledge to bestow us with serenity of spirit and connect us to the consciousness of creation. We counted our blessings and rededicated ourselves to the pursuit of continual learning. We partook of a wonderful repast - the food of the day, a cuisine that is inherent of our culture. And the day felt like a blessing.

May our children and mentors find guidance as they progress in their quest of being empowered with knowledge and wisdom.

At The DN Wisdom Tree Global School, a school as unique as your child, traditions and roots are our anchors, and we celebrate our heritage through the seasons.

Vasant Panchami greetings to you all, blessed be.

Happy Happy Day

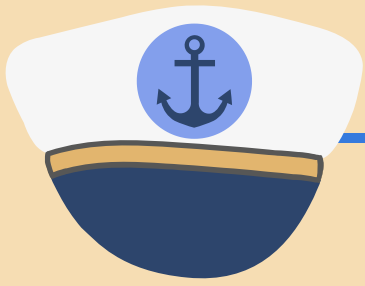

WHERE LOVE IS THE LANGUAGE OF LEARNING AND INTERACTION!!

Wisdomites marked our beloved Vice Chairperson's special day with endearing and adorable moments of giving; they expressed their regards, fondness and admiration through an outpouring of art, craft and poetic presents. They made us all so proud in those heart melting moments. Just goes to show how the School Leader's loving empowerment kindles and nurtures the well being and holistic growth of children. And it manifests in the expressive behaviour of our little people.

Here are glimpses of moments that tug at the heart, demonstrating how, without a doubt, The DN Wisdom Tree Global School is a school as unique as your child.

FIELD TRIP TO ODISHA STATE MARITIME MUSEUM

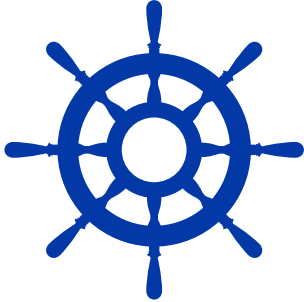

Ancient Odisha was a great maritime power from 7th century BC to 15th century AD. Ports of Odisha and its maritime connections find mention in travelogues of famous scholars, geographers and historians like Ptolemy, Pliny, Fahien and Hieun Tsang. That extensive trade existed between Odisha and Cambodia, China, Java, Sumatra, Indonesia, Malaysia, Bali, Vietnam, Sri Lanka, Rome and Greece is evident from the ancient artefacts found across the state at archaeological sites, from Sisupalgarh to Ganjam.

As part of our efforts to introduce children to the expansive heritage and maritime legacy of our state, we took our students to visit the Odisha State Maritime Museum on a weekend day trip in early February. The Museum showcases the rich maritime history and traditions of our state.

Children accompanied by Grade Mentors enjoyed visiting the galleries and exhibits. It was an enriching outing, and a unique experience for all. At The DN Wisdom Tree Global School, a school as unique as your child, these exposure visits are key to the experiential learning we espouse.

Here are glimpses from our children's day out at the OSMM, do take a look.

PANCHAMI MANOO UKIL, Vice Chairperson, The DN Wisdom Tree Global School

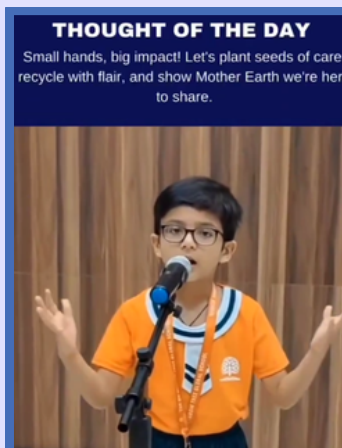

Proud to announce that our Vice-Chairperson Panchami Manoo Ukil participated in a panel discussion on SCHOOL EDUCATION in Odisha, at the prestigious **"INDIA TODAY STATE OF THE STATE CONCLAVE, ODISHA 2024"**, on 24th February at Hotel ITC Welcome. The esteemed co-panelists were Shri Anupam Saha, IAS, Special Project Director, OSEPA, and, Shri Indramani Tripathy, IAS, Additional Secretary, Department of ST & SC Development.

PRE-PRIMARY ASSEMBLY

Our Pre-Primary Assembly is nothing short of a miracle as our tiniest tots go through the motions with supreme confidence. They showcase their talents of singing and oratory, trained to perfection by their devoted mentors. The discipline shown by the children while they stand patiently in their respective queues for half an hour is moving and makes us immensely proud.

THOUGHT OF THE DAY
Small hands, big impact! Let's plant seeds of care, recycle with flair, and show Mother Earth we're here to share.

WORD OF THE DAY
PROTECT

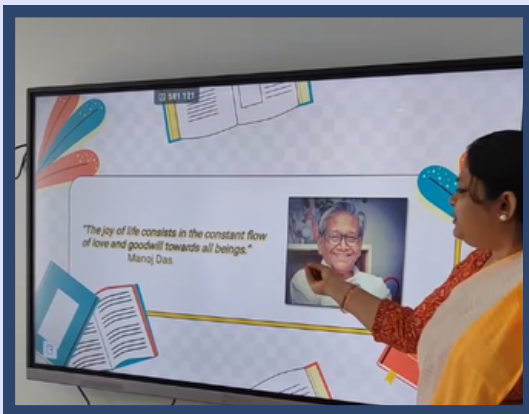

REMEMBERING MANOJ DAS

We marked the birth anniversary of legendary writer, educator, and storyteller par excellence, Shri Manoj Das, with a special session for our little people from Grade 3 to Grade 7 wherein they were introduced to the legend's life and works.

Our endeavour on such special days is for our young ones to get a first hand exposure to the importance of the day, or event, the legacy of immortal personalities and in doing so, knowledge of our immense cultural heritage. Our tribute to the life and legacy of Shri Manoj Das is our small effort in getting children to know the great man through his short stories. The curiosity and interest kindled in children will go a long way in broadening their outlook as well as their literary appetite.

Exploring Cultural Beats: A Musical Journey with SHAKTI

An engaging day of joyful learning was rounded off by a very exciting session for our sixth and seventh graders. Our Vice Chairperson, Ms. Panchami Manoo Ukil, introduced the youngsters to SHAKTI, the band, and a curated selection of music from their Grammy winning album THIS MOMENT. The session brought a whole new world of music into the classroom like a wave of fresh air. These are the interventions that provide insight into different cultures, communication patterns, rhythms, instruments, sounds, and ways of making music. That in turn helps children, not only in gathering ideas and acquiring relevant knowledge, but equally importantly, in choosing and connecting meaningfully with music from their hearts.

At The DN Wisdom Tree Global School, a school as unique as your child, each day is an endeavour in giving the very best inputs that we can to our children, igniting their minds and expanding their souls.

National Science Day 2024

Exploring science and enabling a keen scientific temper is integral to a balanced intellectual development in children. And when science is enjoyable, children are clued in better, their curiosity and engagement peaking with every step they take into that magical domain. At The DN Wisdom Tree Global School, a school as unique as your child, we make special efforts to mark all days of national and global importance with specific activities for our little people, to raise their awareness and domain knowledge. It was another February day at school and our National Science Day was observed across all grades with special laboratory sessions.
