BACK TO SCHOOL

BACK TO SCHOOL

After an extended summer break, our young people are back in their happy space!

Reconnecting with their mentors, returning to routine and enjoying the first day of the new session - their innocent happiness was such a joy to behold. As another academic season unfolds, mentors and coaches are working quietly but surely to enhance the learning experience and benchmark the best for every child in our care. Back to school, it is a brand new canvas, a fresh frame that will be filled with many nuances, many hues of knowledge, values and skills. Aspiration, vision, and hard work will again strengthen our wings, for every day at school is precious for children and mentors alike.

A Day @ The DN Wisdom Tree Global School

Glimpses of our kindergarteners engrossed in different “Calming Craft” activities - watch how engaged our little people are, how focused on the task at hand. Such craft work not only builds their self-esteem, it ignites their minds, and accelerates multi sensory engagement. The satisfaction involved in making something is related to release of neurotransmitters that promote joy and well-being in our children. These are our happy hours and happy spaces!

CALMING CRAFT

INTERNATIONAL MUD DAY

Mud is symbolic of the connectedness in the earth. Children are introduced to global understanding and empathy through exposure to mud. Mud is everywhere. Mud is the most important component of life-giving earth, nurturing us and nourishing us. Playing with mud develops core motor and kinesthetic skills.

At The DN Wisdom Tree Global School, children got immersed in an invigorating mud play session on the occasion of International Mud Day. They had fun as they squished mud in their hands, drew and painted with mud, felt the texture, and then painted each other's faces with glee!

Most importantly, they learnt that mud is not dirty! Mud is healthy! Mud is beautiful!
