# DR. JOHN HARRISON

HARRISON Speaks...

## “THE WORLD WE CREATE”

### “We are here to Thrive and simply NOT survive”

Every human is born with an innate ability to create, in a state of unlimited potential. This potential is one of purity, vibrance and expansiveness and needs to be curated, carved and nurtured every day. This potential is limitless because humans are spiritual beings who've been created in the image of God, in His likeness and for His pleasure. We are the only living beings on earth who are spiritual and blessed with a spirit. Everything spiritual is boundless. For example a new born baby is the purest form of divinity. This unbounded nature, deeply rooted and complimented by a philosophical mind, helps and enables us to retain and unravel our illimitable potential in our capability and power to create.

However, this dynamic and exponential vibrance could become muted and eventually die if not taken care of and this is what usually happens. We make the mistake to limit and restrict the very potential we should foster because we end up developing our outer or external world (outer being) rather than our inner world (inner being). Our inner unseen self is more powerful than our outer self which can be seen. For example a tree always grows in 2 directions. It grows down (unseen) and it grows up (seen). The unseen part is the root system and the seen part is the fruit system. How fruitful our life is all depends on our root system (values, wisdom, intellect, ethos, philosophy, mindset, self belief, etc.). How strong or how big the tree is above the ground all depends on how deep and strong the roots are. And especially the growth which happens in the dark (unseen self) is more meaningful, precious, worthy, long lasting than the one which can be witnessed by all (our physical, earthly and materialistic growth). The depth and growth which happens in the dark ensures how much we grow in the light (world).

In a world where we can really thrive, we simply survive.  
What are we creating?

Humans actually have the power to create their own future. It's in our hands what sort of a world we want for ourselves. The words we speak, which express our thought process and emotions, have the power of life and death in them. Words are the architect of our future. Every spoken word is like a pen, use it wisely to write our own destiny or perhaps like the rudder of a ship which controls and steers us in the direction we are going in. The tongue is the gateway to our destiny. What we speak and proclaim is what we invite in our lives. You can't be talking like a slave and expect people to treat you like a king.

What are we inviting in our life? **Eventually what we invite is what we'll create.**

We have the power to change. We have the power to create. Let's not limit or restrict ourselves.

Are we intellectually active? Does our intrinsic nature motivate us, inspire us, and empower us, bringing in positivity and strength?

Who are we?

We are **"Unlimited Beings"** having **"Unlimited Potential"**, why do we forget?

Once we've found and discovered our "real" self, let's unlock the potential of others by helping them in finding their purpose in life and giving it a significant meaning.

The world we create is in our own hands, let's make it beautiful.

WHY to simply survive when we can thrive.

**Dr. John Harrison**

## Parent - Teacher Meeting

Happy Children = Happy Parents = The DN Wisdom Tree Global School

We are grateful to all our beloved parents for their continued faith and their affirmation about the institution.

Your encouragement inspires us to be better versions of ourselves, every day.  
Immense gratitude!

**The DN Wisdom Tree Global School - A School as Unique as your Child!**

# Back to SCHOOL

Vacation over, children returned to their learning spaces with a spirit of unbounded excitement and joy. With many interesting activities on the academic and co-scholastic calendar, the mood is upbeat and goals are sky high. The team continues to work tirelessly towards benchmarking the learning experience, carefully nurturing the uniqueness of every child.

**The DN Wisdom Tree Global School - A School as Unique as your Child!**

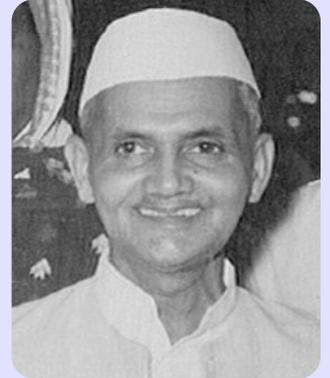

## Lal Bahadur Shastri Jayanti 2025

Remembering a stalwart leader of India on his birth anniversary.

His steely spirit and visionary acumen ensured some remarkable national achievements, including intense advocacy for farmers and armed forces, which make him stand very tall in our political history.

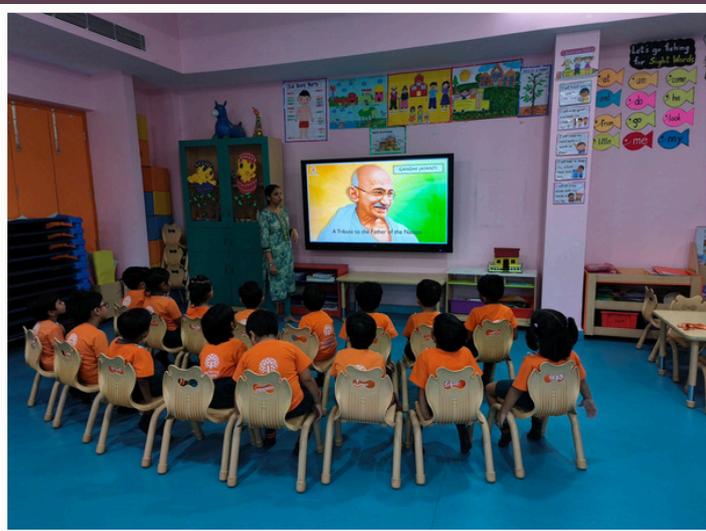

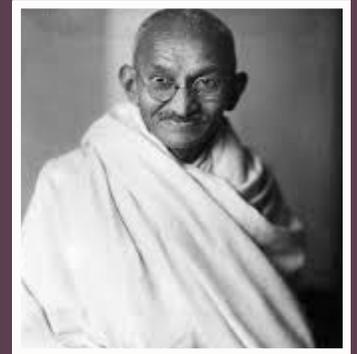

Reverence, Respect and Remembrance

## Remembering Bapu

The seer steered our nation to freedom, the saint showed the world the power of compassion and non violence. More than a century and half later, his example, his life, his message and his achievements ensure that Bapu is in our hearts forever.

Unto that immortal light of wisdom and love, we pay homage with deep reverence and admiration. 🙏

# Global Handwashing Day 2025

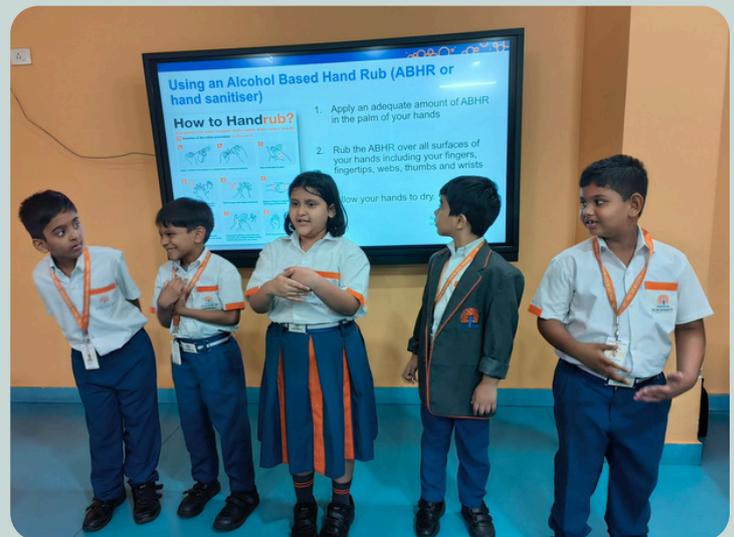

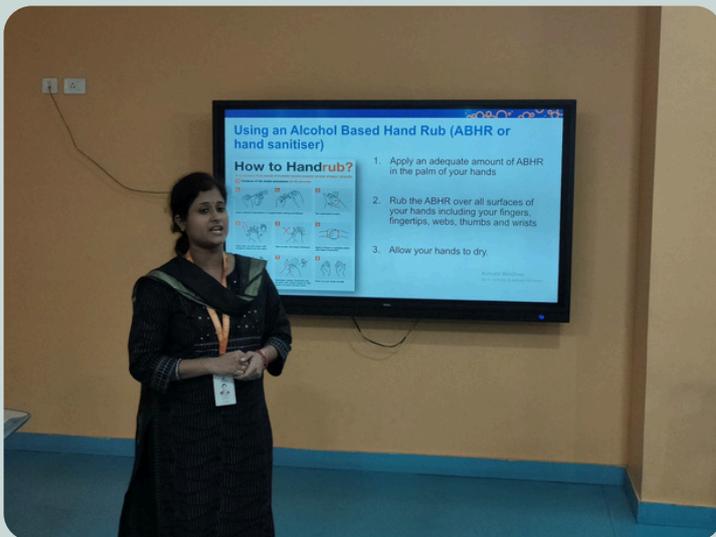

Clean hands are the first step to good health!

Our young learners at The DN Wisdom Tree Global School celebrated the day by exploring the science and significance of hand hygiene through fun and interactive activities.

Since our inception, we've nurtured this essential habit from the very beginning and made handwashing an integral part of daily school life - with child-friendly wash basins and guided routines that empower every child to wash their hands the right way, independently and confidently.

We continue to advocate and encourage our entire community to follow this simple yet powerful practice: washing hands with soap for a healthier, safer tomorrow. Together, let's continue to build a community that values cleanliness and well-being - one wash at a time!

# Global Handwashing Day 2025

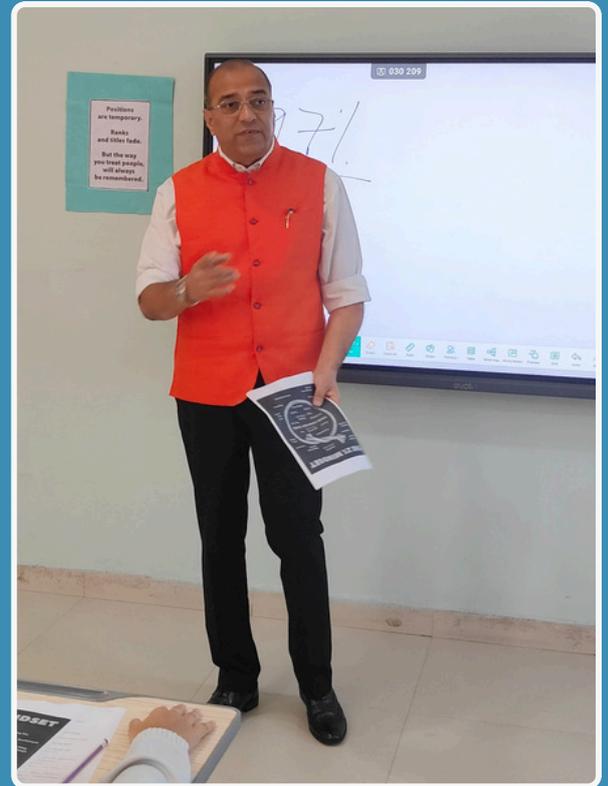

# Leadership Curriculum

At The DN Wisdom Tree Global School, the focus and our top notch priority, has always been to educate the hearts and minds of our students, enabling and equipping them to become future ready.

Our CEO - Principal Dr. John Harrison, inculcates the essence and cornerstones of Leadership in our children through a unique Leadership Curriculum curated and taught by him. The children are inspired and at the same time challenged through sessions on How to Unlock Potential, Finding a Purpose in Life, Developing a 2% Mindset, Pareto's Principle - Pursuing your Critical 20%, Research on Blue Zones, Servant Leadership, etc. The students love it. A happy child is a happy learner.

Children come first for us. Because, we are A School as Unique as your Child!

# Halloween

Our campus turned into a land of magic and mystery as our children put together all their spooky, scary stuff for some Halloween fun!

Familiarising children with festivals and special occasions of other countries and cultures helps in building bridges of acceptance and understanding, for a more caring world.

Team The DN Wisdom Tree Global School wishes everyone a Happy Halloween!

# Halloween

## World Swim Day 2025

At The DN Wisdom Tree Global School, a school as unique as your child, our young swimmers took a deep dive into the spirit of World Swim Day 2025!

The event celebrated the joy of swimming, the importance of fitness, and the value of water safety, encouraging every child to build confidence, strength and discipline, both in and out of the pool.

Because at The DN Wisdom Tree Global School, we believe in nurturing healthy bodies, focused minds, and confident, high spirits!

## New Beginnings Deepawali Special Assembly

Our young people put together and conducted a morning assembly on the theme “New Beginnings - A Diwali Special” that brought in the festive spirit and filled our hearts with joy, positivity, and festive cheer.

The programme began with a warm welcome and the School Anthem, followed by soulful chanting of the Sanskrit prayer “Shubham Karoti Kalyanam” sung by our choir, inspiring peace and gratitude.

Students shared the Thought of the Day, Word of the Day, and important News Headlines in English, Hindi, and Odia, reflecting their linguistic confidence and awareness. The theme-based English and Hindi poems beautifully conveyed the message of renewal, hope, and light.

The assembly concluded with a pledge on kindness, cleanliness, and respect for our environment, followed by inspiring words of wisdom from our CEO, Dr. John Harrison. Our Advisor, Dr. Rita Chatterjee thanked students and mentors for making the special assembly a heartwarming event. A rousing National Anthem brought the Assembly to a wonderful close.

A truly radiant morning, symbolizing the essence of Diwali - spreading light, love, and positivity everywhere.

From the entire team of The DN Wisdom Tree Global School, here's wishing everyone a safe and blessed Diwali.

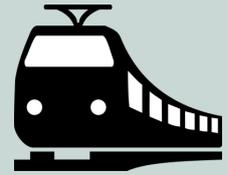

## A Special Presentation on Student Internships

Shaurya Uday Misra, a Grade 11 student studying at Harrow International School Bengaluru, interacted with our students on the importance and need to do internships in high-school and how they play a vital role in learning critical thinking skills, and applying to colleges and jobs. He has built a platform called INTRN where students in high school can easily sign up for internships across a wide plethora of fields, and access and learn skills which are hard to get through a traditional education. His website [www.intrn.xyz](http://www.intrn.xyz) bridges the gap between companies and high-school students who want to apply for internships. This platform makes it possible for anyone to get internships in a field of their choosing. The presentation made to students covered why internships are important for students studying in school, why it is hard finding internships for school students, and how to easily apply for internships, how to work at a company remotely for two weeks, after which every student gets certificates and letters of recommendation which are very important - not just for colleges and jobs but also for learning crucial skills while also sharpening skills that they already have.

The presentation was impressive and very useful, and our students loved the inputs and the interactions. We hope to have you back soon, Shaurya Uday Misra!

## Visit to Kalinga Rail Museum

Students of Grades 1 to 5 from The DN Wisdom Tree Global School visited the Kalinga Rail Museum, Bhubaneswar, for an enriching educational trip.

Our young learners explored and learned about the railway lamps, tracks, underground tracks, signalling and many fascinating aspects of railway operations and history of the East Coast Railway. The visit offered a wonderful glimpse into the world of railways - a perfect blend of fun and learning!

# Deepawali 2025

Rangoli, diyas, poetry, music, dance, stories and festive cheer - our children once again filled the campus with colour and joy, making this harbinger of Deepawali truly special. It was a celebration of togetherness, creativity, and cultural vibrance, a day of joyful learning amidst festivities.

May the lamps of Empathy, Empowerment, and Excellence continue to illuminate our journey and inspire wisdom in every heart. All of us at The DN Wisdom Tree Global School wish you a safe, bright, and blessed festival of lights.

# Deepawali 2025

## VERSE OF THE MONTH

शुभं करोति कल्याणमारोग्यं धनसंपदा ।  
शत्रुबुद्धिविनाशाय दीपज्योतिर्नमोऽस्तुते ॥

Shubham Karotee Kalyaanam  
Aarogyam Dhana Sampadaa

Shubham Karotee Kalyaanam  
Aarogyam Dhana Sampadaa  
Shatru Buddhi Vinaashaaya  
Deepa Jyoteer Namostutey  
Deepa Jyoteer Namostutey  
Deepa Jyoteer Namostutey

## MEANING

"I salute the light of the lamp which brings auspiciousness, health, and prosperity, and destroys the intellect of enemies".

**Shubham Karoti Kalyanam:** That which brings auspiciousness and well-being.

**Aarogyam Dhana Sampadaa:** Brings good health, prosperity, and abundance of wealth.

**Shatru Buddhi Vinaashaaya:** Destroys the intellect of enemies (or the darkness of ignorance).

**Deepa Jyoteer Namostute:** Salutations to the light of the lamp.
